

Newest Generation XD-2i Explosives Detector demonstrated at PM-SKOT Industry Days

Source: American Innovations, Inc. News Room

August 18, 2009 (Rock Island Arsenal, IL) - On 18-19 August 2009, the US ARMY PM-SKOT (Sets, Kits, Outfits, and Tools - Rock Island Arsenal) welcomed American Innovations, Inc. and their newest generation XD-2i Portable Explosives Detector to their third Annual Industry Day.

The purpose of PM-SKOT Industry Day is to provide a forum for information sharing about PM-SKOT business opportunities, issues, and challenges. Many attendees, from soldiers to large prime contractors to other small businesses, viewed demonstrations of the XD-2i. Soldiers and contractors were impressed by the size, weight, ease of use, and rapid analysis time of the XD-2i, and its ability to detect in a single sample trace and bulk commercial, military and homemade (HME) explosives.

American Innovations, Inc. is committed to helping Soldiers and appreciated the opportunity extended by US ARMY PM-SKOT to participate at PM SKOT Industry Day.
